The Bethel Lions Club will hold a Pot Luck Supper at the Casco Bank Building on Wednesday, April 11 at 5:30, for Lions and their ladies. All Lions who are selling light bulbs please be prepared to report on progress. Everybody come, and let's make this a fine turnout.

APPLICATIONS AVAILABLE FOR GREENWOOD SCHOLARSHIPS

Applications for the Greenwood Scholarship for the 1973-74 school year are available at the Telstar Guidance Office or from any Greenwood member of the M. S. A. D. #44 board of directors. Any student enrolled in a program of higher education who has been a resident of Greenwood for a period of one year or more is eligible to apply. Applications must be returned not later than May 1, 1973.

WINTRY CONDITIONS RETURN

About 10 inches of wet snow has fallen in the Bethel area this week. As a result of the storms there have been interruptions of electric service in many areas. Hazardous traveling conditions have accompanied the early spring storms as motorists have had to re-learn the quickly forgotten lessons of winter driving.

S. A. D. 44 ELEMENTARY SELF-EVALUATION PROGRAM UNDERWAY FOR MONTH

The self-evaluation process of the elementary school program in M. S. A. D. #44 has been underway for the past month. Faculty study groups, along with community members, have been meeting Mondays and have covered many areas of the district's program.

At this time volunteers are being sought to serve on community committees. The purposes of community committees in the self-evaluation process are stated in the following paragraph taken from the state guidelines for the community committee:

"Since schools are established to serve the needs of the community and its children, it seems only reasonable that representatives of the community periodically help evaluate

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

The Town Office will be closed Monday, April 16, in observance of Patriot's Day. The office will also be closed at noon, 12:00 to 1:00, from April 13 through April 20.

Due to the extremely bad traveling, April 2, there were very few in to talk with the Assessors. Anyone who would like to review their assessment with the board may contact the Town Office and an appointment will be made for them. Declaration lists may still be submitted for consideration.

The last storm created problems for the Highway Dept., mainly as the turn around places were thawed to the point they could not turn their vehicles at the end of the roads. The dirt roads were very hazardous, some impassable with heavy equipment.

Thursday night the Selectmen have a meeting scheduled with a representative of the Department of Transportation to discuss safety and maintenance of railroad crossings. The responsibility for crossings, according to the information available to us, has passed from the Public Utilities Commission to the Dept. of Transportation. We are interested in the situation at the Ferry Road Crossing in West Bethel.

TELSTAR STUDENT TO TRAVEL TO ALL-STATE MUSIC FESTIVAL

Each year around December music students all over the state of Maine audition for a part in some music group that will be performing at the All-State Festival. A student can audition for parts in band, orchestra and chorus. Out of all the music students here at Telstar, Randy Littlefield ended up as the sole representative. Randy and Glenn Bangs, Telstar music director, will leave Friday for Cape Elizabeth for the beginning of a long week end of practicing music and the final concerts. Randy will be playing the sousaphone in the band. The two concerts will be held Saturday afternoon and evening.

Randy Littlefield

Randy says he regrets being the only one going to this year's festival, but it probably will be a good experience for him. This is Randy's senior year at Telstar and he's never made All-State before, so he deserves a lot of credit for his efforts. Thanks go to Mr. Bangs for his musical guidance.

Thirty-two pre-school children received physicals and immunizations at the Child Health Conference held Wednesday at the Congregational Church. Children enrolled in Head Start also attended the clinic.

CHURCH ST. BETHEL

GREENWOOD CITY

Mrs. Colista Morgan, Corres.

Our Maine over the last year brings to mind the past season with its splendor of blue sky, wholesome, cold, and wintry peace; spring, a landmark looking ahead to summer, green and at its best; then autumn with its brilliance of color, I like them all with their variations.

Last night I stood in the moonlight looking down the pond. The stillness of far away trees seemed frozen in the night air. On the shore there was a crystal sound of tiny waters lapping the icy shore line. There was a new sense of freedom to it for only a few days ago it was sealed in its prison of rotten ice. The channel sparkled as did the stars above.

Cheered by the pleasant weather, "up March Hill" I have several times ventured again to the woodlands.

"I know a place where the morning air Is sweet with silver dew, Where dappled paths wind their secret ways To vistas ever new; Where frosted filigree of fern And emerald lace of leaf Cast intricate pattern of shadow work, Exquisite beyond belief."

Gladys Doonan

Although it may place the lands remain in possession of the long winter, there are too, many signs of spring. The evergreens are losing their austerity. Soon the green-fleeced points of new growth will show. Hemlocks will display yellow-green branches. Surely the forest is waking while its roots crumble the granite in that timeless dark below the frost.

April whispers, "Nice weather ahead" even though the farmlands remain grim and the pond is not yet free of ice.

"One never knows what to expect. When April says hello, It may be rain, it may be sun, It even may be snow. I think she's playing April fool When first she comes in sight; For if I wear a raincoat, The sun will come out bright. A flower may show its pretty face To all the world, so neatly. But April snow may come along And cover it completely. But if it's sun, or if it's rain, Or snow along the lane, I'll always welcome April For she travels here with spring."

by Jane W. Krowa

Looking down from high up the woodland hills I had a real sense now of seasonal hope. A "first" flicker called to say, "I'm back". Thus Man About Town, the good fellow and cheery high-blower was testing an old maple and uttering his "flickering" cry, "Wick, wick" happy at his return. I was too.

Last fall's rusty leaves were still visible along the walls which cast their black shadows in the distance. Snows in the hollows, still relics of winter are obdurate, when will it all vanish?

Through the trees I could see the channel as the water wound through like a wrinkled ribbon where the little catpaws of wind formed twinkling sparkles on the surface; hesitant one a moment then gone.

Now I was faring up the hill again.

where I could see icicles dripping from the rocks, crystal-clear water. Beneath the rocks and to my right I heard incessant chatter and watery chuckles.

Turning toward home I looked down into a valley silent and at peace.

When arriving, the whole landscape was immersed in an intense silence; not even a breath of wandering air moved within the branches. A few sparrows flew up from the lawn, a duck swam off shore, and the pond was peaceful. Clear and challenging, yet a little muted by distance, came the calls of my old friends the red wings.

How lovely was this country day here in the hills waiting for the green quiet of a summer morning soon to come.

WHAT A WAY TO HOE!

Flower and vegetable gardening can be back-breaking work what with all the spading, cultivating, aerating and composting that's required. On the other hand, it can be a very rewarding and relaxing hobby with the help of an Ariens Tiller.

Ariens, America's first garden tiller manufacturer, offers three styles of rugged tillers—the gear-drive Jets and Rackets and a brand new chain-drive model. Powered with engines ranging from 3 HP to 7 HP, some models feature two speeds forward and reverse and the popular side-to-side adjustable handbars to avoid walking in tilted soil.

When you add up all the features of Ariens Tillers and compare performance you're bound to say—"What A Way To Hoe!"

COUNTY CANCER SOCIETY IS FORMED

Dr. John Makin of the Rumford
Community Hospital is president of
a local organization called the Amer-
ican Cancer Society Unit of Ox-
ford County, which operates through-
out the year. This is a local volun-
teer organization responsible to the
State Division, of which it is a
part, and which raises the funds and
carries out the work which makes
the Society's program, aims and ob-
jectives a reality.

If effective cancer control is to
be accomplished, it must be done
for individuals: the individual doc-
tor, nurse and social worker; the
individual "man on the street," and
the individual cancer patient. All
these must be reached and served.
Only the local unit can do this.

Other members of this American
Cancer Society Unit of Oxford Coun-
ty are: Mrs. Fred Clough, Mrs. How-
ard Cole, Mrs. Margaret Trinowad
and Mrs. Stephen Chandler of Bethel;
Dr. Dexter Elsomore, Mrs. New-
ton Stowell II, Mrs. Barbara Thorpe
of Dixfield; Fred Allen of Roxbury;
Mrs. John Decker, Dr. John Gal-
lant, Dr. Eugene Gorayeb, Dr. Jack
Halladjan, Dr. Vassilios Handan-
os; Dr. Linwood Rowe, Mrs. Robert
Peck, Ted Smart, Miss Alice Cor-
mier, Dr. James Edmond, Fred
Hanscom, Miss Jacqueline Horner,
Judge James Kendall, Mrs. John
Makin, Oscar Taylor, Richard Wil-
liamson and John Zollo of Rumford.
There are Branch Units in South
Paris-Norway and Fryeburg.

Local people serving on the State
Division are Dr. John Trinowad,
Mrs. Howard Cole, Dr. Linwood
Rowe, Dr. John Makin and Dr. Dex-
ter Elsomore.

RESIDENTS NEARING 65 TO RECEIVE NEW-TYPE MEDICARE CARD

Within the next week or two, lo-
cal residents approaching 65 will be-
gin to receive a new type of Medi-
care card. The Lewiston Social Se-
curity office reports that the first
cards under a new plan of issue are
to be mailed early in April and will
go to eligible individuals who are to
become 65 in July.

Social Security disability benefi-
ciaries will also be sent the same
type of card early in April if they
will have been receiving disability
benefits at least 24 months by the
end of June. One of last year's So-
cial Security amendments makes
these beneficiaries eligible for Medi-
care coverage starting July 1973—
those entitled as disabled workers,
disabled adult children or disabled
widows. If by July the disability
beneficiary hasn't been getting pay-
ments for as many as 24 months,
Medicare coverage is available as
soon as he gets to his 24th month
of entitlement.

The new card will come as part
of a larger sheet, and the card will
be filled in to show that the person
has both the Hospital Insurance,
Part A, and the Supplementary Med-
ical Insurance, Part B. He will be
protected by the Hospital Insurance
without having to do anything fur-
ther, but if he accepts the Medical
Insurance, he will have to pay the
regular premium for that part of
Medicare. Starting in July, this pre-
mium will be at the rate of \$6.90 a
month.

Inasmuch as the premium pays
only half the cost of the Medical
Insurance and the Government puts
in an equal amount, it is advanta-
geous for almost everyone to accept
the enrollment.

If the eligible person wants to
be enrolled for Medical Insurance,
he merely cuts out the card from the
rest of the sheet and throws away
what is left. If he does not want
Part B the doctor-bill insurance,
he must notify Social Security, and
do so promptly. As the instructions
on the sheet tell him, he does this
by signing that he does not wish en-
rollment and sending back the whole
sheet without detaching the card.

If he doesn't do this within a rea-
sonable time, the Medical Insurance
will go into effect automatically, and
he will have to pay the premium for
several months. To illustrate this, if
he is 65 in July and gets one of
these notices in the first batch and
for some reason doesn't want the
Medical Insurance, he has until the
end of June to send back this sheet.

All nursing mothers and their ba-
bies are invited to attend. Expectant
mothers who are considering nursing
their babies are encouraged to at-
tend a series of meetings to be
held on learn more about breastfeeding,
and so they can meet other women
who are breastfeeding their babies.
Other interested women are welcome
to attend.

Mothers are encouraged to call
at any time for immediate help, en-
couragement, and practical sugges-
tions regarding breastfeeding. Help-
ful literature, including information
about the manual, "The Womanly
Art of Breastfeeding," is available
on request. For further information,
call the group leader, Fay Corbin,
telephone: Bryant Pond, 101.

If he should delay returning it until
July, he would be covered by Medi-
cal Insurance until the end of the
following quarter, that is, until Dec-
ember. The schedule of return dates will
be similar for people reaching 65, or
Medical Insurance, he has until the
end of June to send back this sheet.

FOREST SERVICE TO DESIGNATE AREAS FOR OFF-ROAD VEHICLES

The public is invited to comment
on proposed regulations governing
the use of off-road vehicles on Na-
tional Forests according to Robert
R. Tyrrel, Forest Supervisor of the
White Mountain National Forest.
These proposed regulations have
been published in the Federal Reg-
ister, and the deadline for receipt
of comments has been extended to
May 1, 1973.

Forest Service Administrative In-
structions have been written and
draft environmental statement pre-
pared in accordance with Section
or II (c) of the National Environ-
mental Policy Act.

The revised regulations and ad-
ministrative instructions are prop-
osed in compliance with President
Nixon's Executive Order 11841
Feb. 8, 1972, which called for reg-
ulations to insure that off-road ve-
hicle use be controlled and di-
rected so as to protect resources, pre-
vent safety of all users and mini-
mize conflict among the various uses
of public lands. Examples of max-
ims to be regulated are four-wheel
drives, motor scooters, motorcycle,
all-terrain vehicles, dune buggies
and snowmobiles.

The new regulations will require
the designation of specific areas for
trails for off-road vehicle use, or
restriction, or closure to any or all
such use. These regulations will
generally be made for specific Na-
tional Forests and provision for pub-
lic involvement in setting the
specific restrictions is provided.

The proposed regulations were pub-
lished in the Federal Register, Vol.
38, No. 41, Friday, March 2, 1973.
Copies of the regulations may be
examined in the office of the Forest
Supervisor, White Mountain Nation-
al Forest, 638 Main St., Lacombe,
N. H. Written comments on the pro-
posed regulations should be sent to
the Chief, Forest Service, U. S. De-
partment of Agriculture, Wash-
ington, D. C. 20250 before May 1, 1973.

TELSTAR R. H. S. NEWS UPTON

STUDENT COUNCIL NEWS

After taking four activity period surveys, the Student Council formed its final opinions and recommendations of the situation and will soon be giving these to Mr. Flynn for his use. The Activity Period is a worthwhile structure for students involved in Band, Chorus, and Clubs, so the Council felt that it should be kept.

Mike Davis reported on this past Board of Directors meeting. Mr. Felix Otero-Otero will be the Council's new advisor starting next year. That was the most important decision that came out of the meeting with direct interest to the Council. Mike also gave us some of his own personal views of the meeting. One was that the meetings seemed to be getting shorter and another was that he felt we should continue our policy of having a student member present at the School Board meetings.

We hope to invite the new guidance counselor to our next meeting and work on plans for electing next year's members to the council. We also have the State Convention coming up on April 27 and 28. Sue Bryant, Ross Swain and Sandra Berryment will be representing us there.

The Council has also decided to take charge of the "Teacher of the Year" award which was an honor started last year by the Future Teachers of America Club.

Many interesting events have taken place recently. Last Friday the French and Spanish classes took a trip to Boston to visit some sights and displays related to each language. Not only was the trip beneficial from the language aspect but it was the first time for some of the students to be in a city the size of Boston. The spring play "Our Town," has been cast and the Drama Club is back in full swing. A Walk-a-Thon was put on by the Library Club this week end. They walked from Bryant Pond to Bethel and made about \$60. The concert band and stage band from Calais were here over the week end to perform at an exchange concert with our own concert and stage bands. The students from Calais were provided a place to stay in the homes of our band members. Friday night the members from both schools had a dance in the cafeteria to get acquainted. After the practice session on Saturday the Calais students were taken to Andover to see the Comsat station. That evening was the concert and the visiting band left for Calais Sunday morning. So ended the first half of a new program at Telstar.

TELSTAR TEACHERS SPEAK AT WASHINGTON COUNTY CONVENTION

Tim Kersey and Jim Fiske of the Science Department at Telstar Regional High School were featured speakers at the annual convention of the Washington County Teachers Association at Machias. Their talk highlighted the science program at Telstar with particular emphasis on the Individualized Chemistry Program and the Contract Method used in both the physics and Chem-Study classes.

Unlike past talks, Fiske and Kersey did not highlight their science emphases until the audience was assembled—very few teachers come to a physics or chemistry talk! As a result there was a mixed audience of secondary school teachers. After a brief introduction, an invitation to leave the meeting was offered to anyone who thought a talk regarding a science program was irrelevant. No one left! Librarians, teachers of English, social studies, industrial arts, etc., all found something of value in a talk on science. Many requests to visit Telstar were received from the audience which in itself is an indication of the sincere interest shown by these Washington County Teachers.

Miss Claire Varney returned home Tuesday from her winter employment in Florida.
